

EXCELLENCE IN BUILDING SCIENCE EDUCATION

Transforming the Design/Construction Profession

2016 Annual Report Highlights

Joint Committee on Building Science Education

Submitted by Sam Taylor & Pat Huelman

Highlights of 2016

- A. Building Science Education Workshops
 - NIBS/ASTM/JCBSE BSE Workshop, Jan. 2016 – Education/Industry leaders focusing on Solutions (AIA, AHSRAE, NIBS presidents, University leaders in BSE, etc.)
 - Penn State Conference, BSE Session, March 2016
 - 4th Annual Westford BSE Update
 - BUILDINGS XXIII – BSE Update, December 2016 – Focused on Near Term Advances in BSE

- B. Ongoing Activities
 - Web Joint Task Group Meetings – (NIBS-BETEC and Joint Committee)
 - Participation in ASHRAE, NAHB, EEBA, NIBS, etc. events and committees
 - Support DOE Race to Zero & BSE Solution Center
 - Briefings to ASHRAE, DOE, EEBA, etc.

Planned Joint Committee Priorities for 2017

- A. Joint Task Group
 - Hygrothermal Performance Guide
 - Infusion Modules

- B. Support the DOE/PNNL BSE Solution Center
 - Launch of BSE-SC with Core Building Science Modules

- C. Continued Support of RTZ
 - Hygrothermal Performance Guide
 - Pairing of Academic/Experiential Learning
 - Possible Collaboration with AHSRAE on ZER Commercial Buildings

- D. Closer Collaboration with Joint Committee Management Council Members

- E. Participation in NIBS, NCHRC, ASHRAE, RTZ, EEBA, Westford, other
