

NRC Search on “Hygrothermal” – Hygrothermal Subcategories

1. Hygrothermal properties (138)
2. Moisture performance (65)
3. Walls (26)
4. Heat performance (23)
5. Building envelope (20)
6. Insulation (14)
7. building materials (13)
8. hygrothermal control (10)
9. drainage component (9)
10. performance evaluation (9)
11. sheathing membrane (9)
12. Air and vapour barriers (8)
13. hygrothermal performance (8)
14. Building Envelope (7)
15. moisture content (7)
16. condensation (6)
17. Brick (5)
18. Insulation, laboratory testing, thermal response, 3D modeling, foam insulation, thermal resistance, air leakage, building envelope (5)
19. Masonry walls (5)
20. hygrothermal simulation (5)
21. porosity (5)
22. wall assembly (5)
23. air leakage (4)
24. corrosion (4)
25. numerical model (4)
26. specifications (4)
27. thermal conductivity (4)
28. Basements and foundations (3)
29. Codes & guides (3)
30. Concrete (3)
31. Ventilation (3)
32. durability (3)
33. exfiltration (3)
34. heat transfer (3)
35. humidity transfer (3)
36. infiltration (3)
37. residential facilities (3)
38. risk of condensation (3)
39. thermal insulations (3)
40. water vapor transmission (3)
